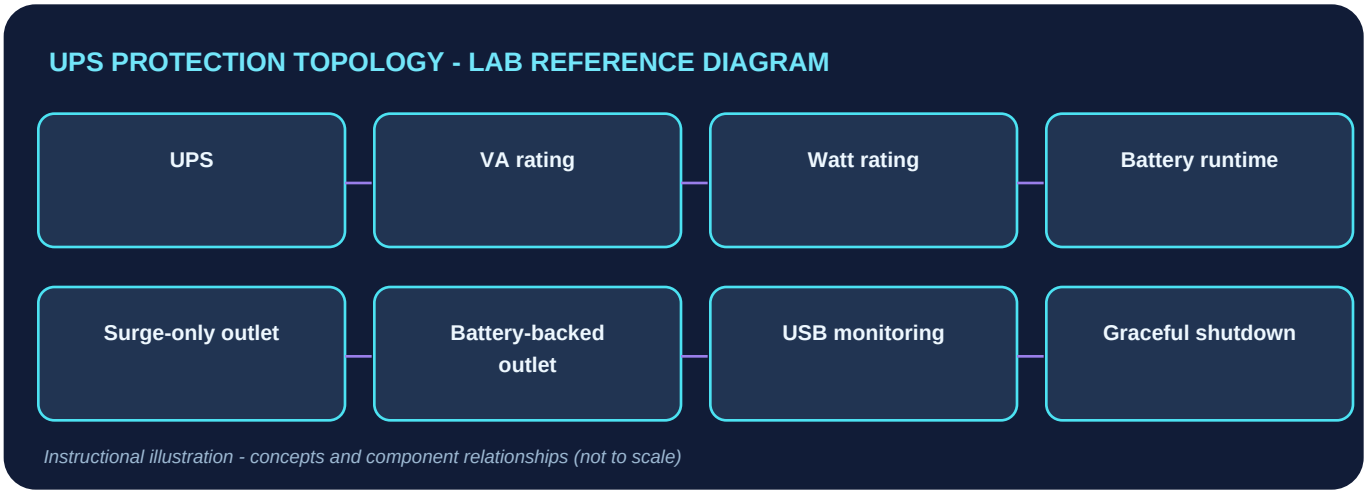
2.2.8 Install a UPS

STUDENT STUDY GUIDE + VOCABULARY + VISUAL REFERENCE

Learning goal

Connect and verify backup power.

Reference image



Use the labeled illustration to identify the key components, commands, or checkpoints you will encounter in this lab.

Prepare for the simulation

1. Calculate connected equipment power demand.
2. Connect essential loads to battery-backed outlets.
3. Connect monitoring cable and configure shutdown behavior.
4. Simulate an outage safely and inspect UPS status.

Troubleshooting and safe practice

• Overload: remove nonessential devices.

• Unexpected shutdown: check battery health and runtime.

2.2.8 | VOCABULARY & REVIEW

Essential vocabulary

Term	Meaning / recognition cue
UPS	Uninterruptible power supply providing temporary battery-backed power.
VA rating	Apparent-power capacity specification for a UPS.
Watt rating	Real-power capacity limit, in watts.
Battery runtime	A key term in ups protection topology; identify its purpose, where it is used, and how to verify it.
Surge-only outlet	A key term in ups protection topology; identify its purpose, where it is used, and how to verify it.
Battery-backed outlet	A key term in ups protection topology; identify its purpose, where it is used, and how to verify it.
USB monitoring	Signal connection or output; verify the correct interface, source and operational status.
Graceful shutdown	A key term in ups protection topology; identify its purpose, where it is used, and how to verify it.

Knowledge check - answer in your own words

1. Identify two components or commands in the reference diagram and explain what each does.

2. What should you verify before changing or installing hardware, settings, or files in this lab?

3. Choose one listed failure symptom. What is your first safe diagnostic step?

4. How will you prove the task is complete, rather than merely assuming success?

Lab readiness checklist

[ ] I can identify the labeled reference items. [ ] I understand the safety precautions.

[ ] I can explain the vocabulary. [ ] I can verify and document successful results.
